

SVS - 103 Standard Range/Single Camera Only

3" Mini LCD Colour monitor with a swivel pedestal mounting bracket capable of dash or roof mount. The monitor can only have 1 camera and is designed to only switch on with reverse gear. It is ideal for small vans and 4WD's and almost any vehicle that has limited space inside the cabin for larger monitors. 3 camera options are Square, Round or Butterfly. This model is very popular with 4WD outlets, Trade Body builders and Small truck builders
