

SVS - 205 Premium Range/Single or Dual Camera

5" LCD Colour monitor with dash / roof mounting bracket. This product is in our Premium Range and can have 1 or 2 cameras. This model, along with our entire Premium Range is manufactured to the highest standards. The cameras are Heavy Duty and very robust in all conditions. The product has been fitted to every type of vehicle from 4WD's to Earth Moving machines. It is also very popular in fleet vehicles and is fitted to the Neverfail Spring Water, Toll/Ipec and TNT delivery trucks all over Australia. This is a product that our competitors have tried to copy, but no one can come close to our quality and pricing.
