

SVS100VPS.MIC SVS100VPS.MIC2 Adjustable Microwave Sensor Kit With Audible and Visual Overlay

Product Information

New generation Microwave sensor system has increased efficiency and only detects Moving object. Can even have sensor behind plastic bumpers and still function. Reliable performance in harsh conditions, High Tempertures, Snow, Rain, Dust and Fog. Adjustable set long detection range 0.1 - 40m and SVS100VPS.MIC2 width adjustable 0.2-20m with high accuracy. Trigger Output and Audio and/or Visual Overlay on Screen when Camera added to kit. Availbale in 1 or 2 Sensor kit SVS100VPS.MIC or SVS100VPS.MIC2 - supported App using WiFi to connect (Optional)

Features

- **MultiVolt 10-32vDC**
- **5.9G Vibration rated**
- **IP66 Control Box - IP69K Sensor**
- **5 Zone Visual/Audio Output**
- **1 Trigger Output**
- **1 and 2 Sensor kits**
- **WiFi for App config (option)**

Specifications

Sensor Type	Microwave
Frequency	77 GHz
Detection Angle	Horizontal 100 Deg Vertical 40 Deg
Voltage	9-32VDC
Transmitter Type	FMCW
Detection Zones	5
Reaction Time	<= 0.5 Seconds
Sensor Dimensions	70.5 x 39.5 x 22.5mm
