

SVS100VPS.MIC SVS100VPS.MIC2 Microwave Sensor Kit With Audible and Visual Overlay

Product Information

New generation Microwave sensor system has increased efficiency and only detects Moving object. Can even have sensor behind plastic bumpers and still function. Reliable performance in harsh conditions, High Tempertures, Snow, Rain, Dust and Fog. Factory set long detection range 0.1 - 20m with hhigh accuracy. Output Audio and/or Visual Overlay on Screen when Camera added to kit. Availbale in 1 or 2 Sensor kit SVS100VPS.MIC or SVS100VPS.MIC2 - supported App using WiFi to connect (Optional)

Features

- **MultiVolt 10-32vDC**
- **Visual/Audio Output**
- **IP67**
- **5 Zone Visual/Audio Output**
- **1 Trigger Input & Output**
- **Single Sensor kit**
- **WiFi for App config (option)**

Specifications

Sensor Type	Microwave
Frequency	24.000 - 24.200 GHz
Detection Angle	Horizontal 100 Deg Vertical 40 Deg
Voltage	9-32VDC
Transmitter Type	FMCW
Detection Zones	5
Reaction Time	<= 0.5 Seconds
Sensor Dimensions	70.5 x 39.5 x 22.5mm
