

PREMIUM RANGE 200 Series

Product Overview

SVS207M 7" H/Duty Quad Camera Monitor

The 7" LCD monitor with a heavy duty mounting bracket is capable of utilising up to four cameras and can also display up to four images on the screen at any one time. The monitor and control box have been upgraded and improved to handle the roughest environments. Ideal for all industrial and commercial applications the 207 series is also perfect for mining and earthmoving applications. The high quality and sturdy construction truly is the benchmark for industrial camera systems.
